Merry Holidays and Happy New Year!

President's Message

I have to thank **Fred Trusty**, the AACA Western Rep, for changing his flight out to the Fallbrook National so that he could attend our General Meeting last month. It was nice to put a face with the National Board.

We are now in a new year for any restorations, so please let me know if you have a car being restored. This brings me to last year's awards and a mistake that I am in the process of correcting. **Bob Schlesier** was mistakenly awarded the "Hard Luck Trophy". This happened because we were unaware of the circumstances that occurred at the Chicken Fest. He was awarded the Best in Show at the event, resulting in having to stay until after dark, and because of the poor illumination from 6 volt lights, he decided to do the safe thing and flatbed his car home. I apologize to Bob and Grace, and his name will be removed from the perpetual trophy.

I was sorry to hear about **Tom McIlravy's** accidental fall. One broken arm is bad enough, but two!!! Tom - Let's stop trying out for the "Flying Walenda's". I know that it will take a while for him to recover, so we need to give him our support in whatever way we can until he is recovered.

Sandy was able to attend the Bells of Freedom, riding along with Brad and Michele in their Rolls-Royce. From what she told me we only had a small contingent from the Club in attendance. Let's try for a larger turnout next year. I was unable to attend Bells of Freedom, as I am deployed with FEMA to work in South Dakota until the end of January. Temperatures have been well below freezing, with the landscape covered in snow. My job is to go out and inspect damages from the floods after last springs thaw. Thanks goodness for warm clothes and a good car heater...

Sandy Watt with the Watt's sponsored Family

Once again the region and some individuals helped sponsor Bells of Freedom. This organization focuses on providing Christmas wishes to young U.S. Marine families. Every year they may only be a spouse present because their serving spouse is overseas on deployment.

Bob Gunthorp and Janette Hay always lead the parade in Bob's red 1957 Mercedes-Benz convertible with Santa along in his "sleigh." This year the only other antique car was **Brad and Michele Zemcik's** 1957 Rolls-Royce Silver Cloud. Had Alex been in town he would have had his Aston Martin DB4 (James Bond car), so **Sandy Watt** rode along with Brad and Michele. Along for the first time were **Darwin and Patricia Ludi**. Nobody can blame them for not driving one of their show winning cars because of the rains. The bright side is that the Ludi's expressed that they want to be part of this again.

You have a year to consider being part of this super experience. The arrival of Santa and the cars is quite a scene and we need more cars. They love the old cars.

There is no shortage of **delicious** food

As the trucks are unloaded and gifts passed out the excitement of the children and the gratefulness of the families is overwhelming.

For those of you that missed our December General Meeting it was unique to say the least. With Alex in South Dakota and Tom just having broken his arms nobody had keys to any of the cabinets. Being old car folks we know how to improvise to achieve a result for a situation. Kudos' to Beth for finding an alternative to the locked up flag.

December refreshments were provided by **Beth Kind and Rachel Evans.**
